

/ BIOGRAPHY

Tobias Trautmann is Managing Director of VOLLMER

Tobias Trautmann has been Managing Director of the international VOLLMER Group since January 2025. With more than 20 years of experience in tool engineering, he brings a broad range of specialist knowledge and extensive international expertise to the Biberach-based sharpening specialist.

“With a deep understanding of markets and customer needs, as well as the willingness, together with a dedicated team, to learn and to break new ground, I’m looking forward to leading VOLLMER into a dynamic and successful future,” explains Trautmann, Managing Director of the VOLLMER Group.

After completing his training and further education as a mechatronics technician at machine tool manufacturer EMAG, Tobias Trautmann gained international experience as an application engineer in China and South Korea. Tobias Trautmann consistently expanded his knowledge with his Bachelor of Engineering in Aeronautical and Mechanical Engineering in the UK. He then continued his international career and worked as a sales manager for various mechanical engineering companies. From 2020 to 2024, he managed global sales of universal machines at GROB-Werke in Mindelheim as Divisional Manager and was responsible for area and industry sales as well as sales of used machines.

About the VOLLMER Group

With its comprehensive range of machinery, the VOLLMER Group – which has sites in Germany, Austria, Great Britain, France, Italy, Poland, Spain, Sweden, the USA, Brazil, Japan, China, South Korea, India and Thailand, as well as representative offices in Taiwan and Indonesia – enjoys global success as a tool machining specialist in the areas of both production and service. The technological leader's range of products includes the most advanced grinding, eroding, laser and machining tools for rotary tools and circular saws in the woodworking and metalworking industries, as well as for metal-cutting band saws. In offering this, VOLLMER draws heavily on the company's long-standing expertise and its strengths: Local contacts for efficient communication channels, quick decisions and rapid action by a family-run company. The VOLLMER Group currently employs approximately 800 workers worldwide, with around 580 of these at the headquarters in Biberach alone, including more than 75 trainees. The company invests around eight to ten per cent of its turnover in the research and development of new technologies and products. The VOLLMER Group is a reliable partner and provider of technology and services to its customers.
